Provider Description

Information provided by the provider describing their agency:

Robin's Nest is a small RN-owned and operated facility and offers a Therapeutic Recreation Director on-site daily as well. The size of the facility allows the RN to give invaluable medical insight and individual attention to each client in a casual, home-like victorian farmhouse setting every day of the year, including weekends and holidays. One portion of the residence is reserved for CRS care and another section allows for all above listed daytime services. Robin's Nest services include RN nursing assessments, medication administration, wound and skin care, diabetes and blood pressure monitoring, bathing and toileting, personal care assistance, RN interaction/advocacy with other health care providers, round trip transportation, meals and snacks approved by a registered dietician, recreation, socialization, community out-trips, socialization, and overnight respite. Services at an additional charge include an on-site podiatrist, hairdresser, optometrist, physical therapy and speech therapy.
